The Customer

(Cardiff University)

The Dev Team

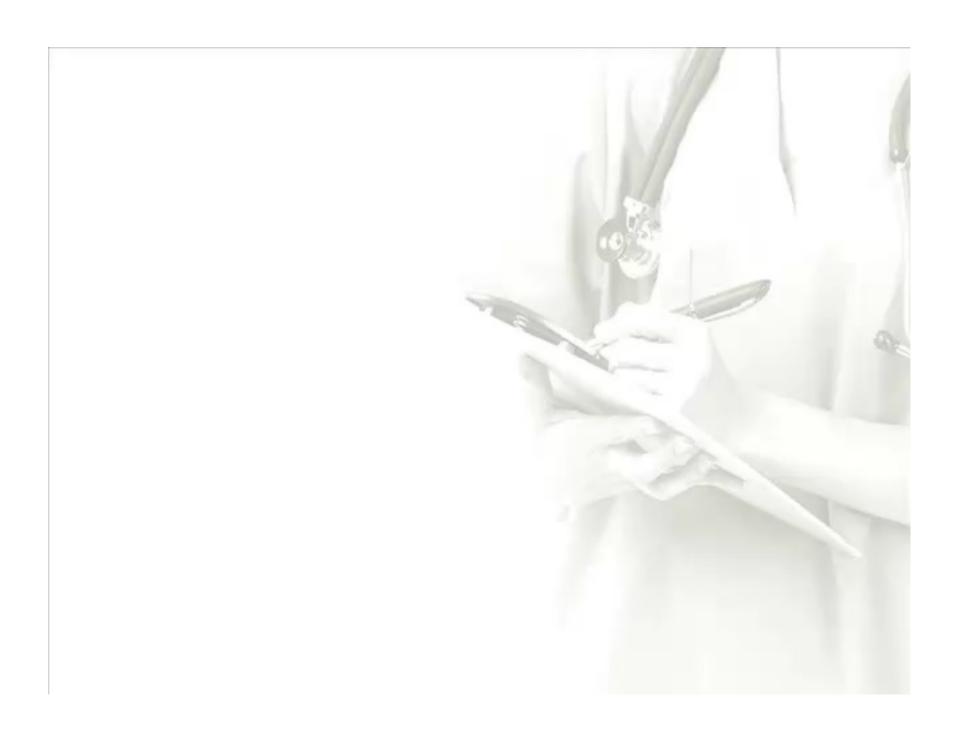

(Napp Pharmaceuticals)

The Project

The Result

Lets start at the end...

Why Agile?

Business unsure of what they wanted??

Fixed release date!!

Geographical Location

What's the most important part of any project?

The Tea & Biscuits!?

The Team

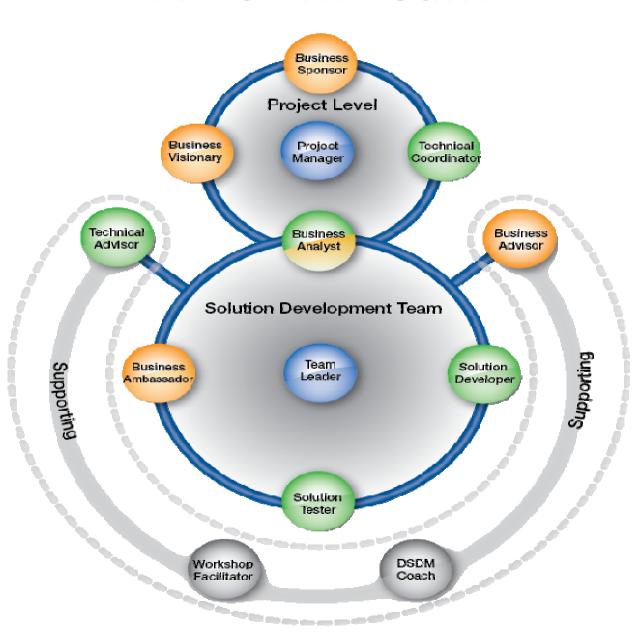

What Makes an Effective Team?

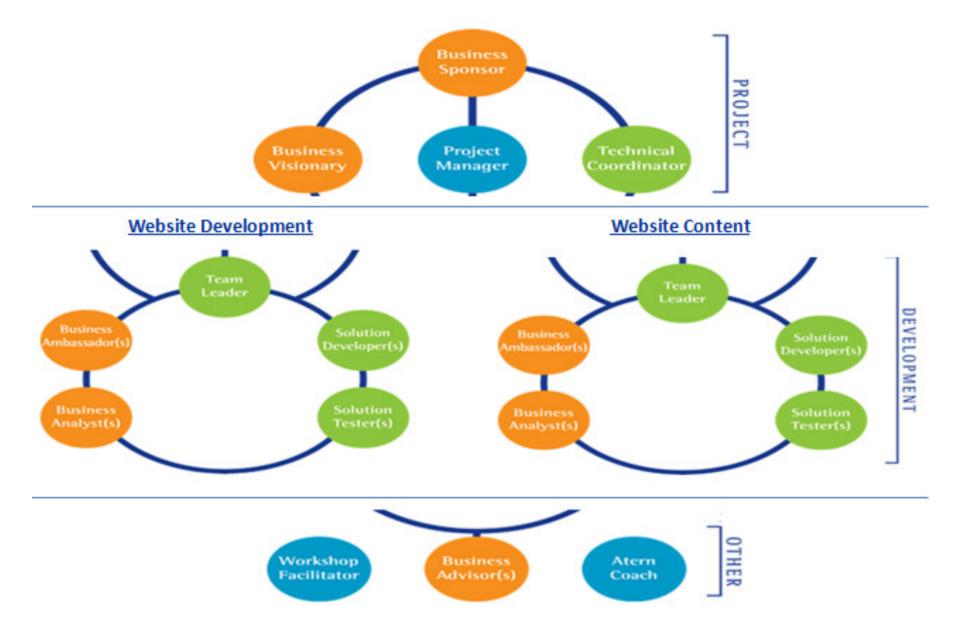

What Makes an Effective Team?

- 1. Share and Understand the Common Goal
- 2. Good Mix of Introverts and Extroverts
- 3. Emotional Intelligence
- 4. Make time for Humor
- 5. Communicate Proactively
- 6. Strong Leadership at the Helm

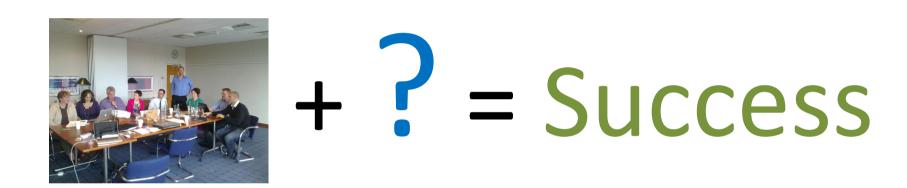

A DSDM Team

Our DSDM Team

What else did the team need?

1. Focus on the Business Need

Musts

Continuing Professional Development Education Points

More Like This (Formerly 'Further Reading Function')
Top 5 Things To Know
Rate/Commented News Articles

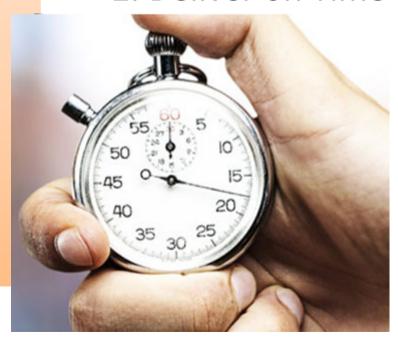

Coulds

My Content Top 5 Things To Know

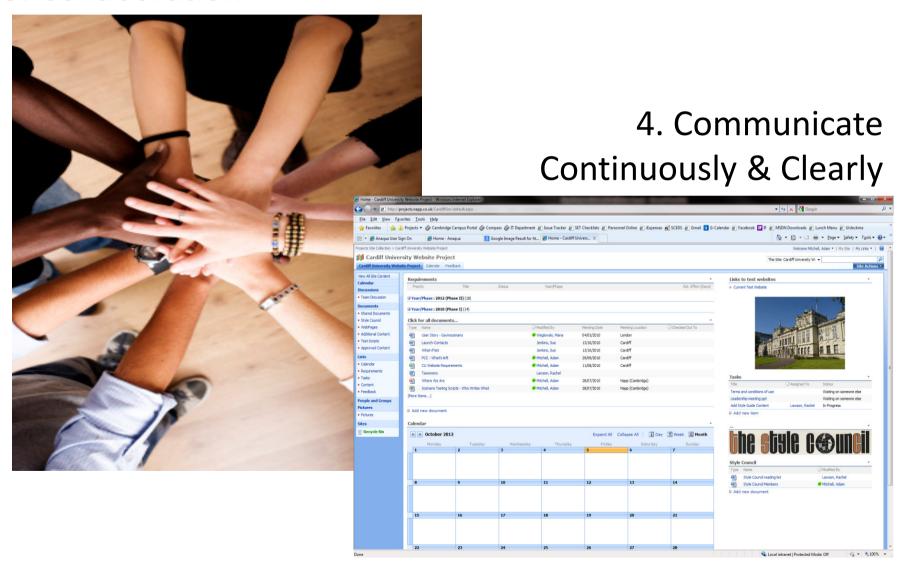

Won't This Time

FAQs (Formerely Ask An Expert)
Patient Specific CPD Area
Friends

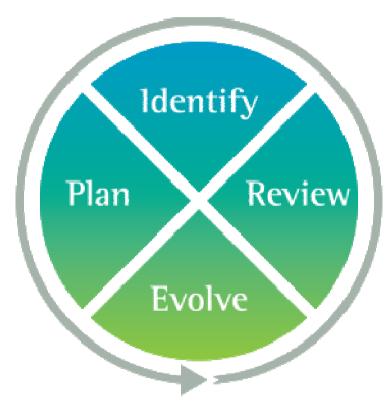

2. Deliver on Time

3. Collaboration

5. Develop Iteratively

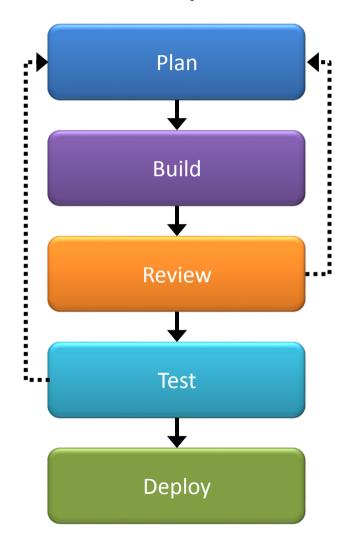

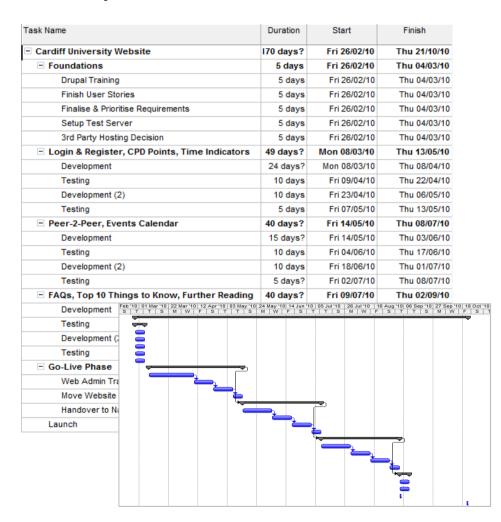

6. Build Incrementally from Firm Foundations

7. Never Compromise on Quality

8. Demonstrate Control

What else did the team need?

What can we conclude?

We all need to buy-in to the Agile mind-set

Regular communication is essential!

Test regularly, test well, test early!

Embrace change - review, review, review!
